

INTRODUCTION

DMCC, the world's No.1 Free Zone and centre of global commodities trading is committed to providing a secure workplace at all times to ensure that our business activities are conducted in a manner that complies with local authorities, national security legislations, best international practices and standards specifically aligned to ISO 28000:2007.

PURPOSE

The primary purpose of the group security policy is to establish the scope and objective of the group security department and introduce the critical policies that underpin security activities within DMCC. The policy provides information related to the underlying principles guiding the approach to security implementation and highlights the responsibilities of key stakeholders within the organization.

SCOPE

This policy is applicable to DMCC employees (Permanent & Outsourced), customers, visitors and all applicable stakeholders at DMCC Offices/Units in Almas Tower & One JLT Building.

OBJECTIVES

The following Group Security objectives have been established and agreed

1. Ensure compliance with all applicable local and international security regulatory and governmental requirements and/or initiatives.
2. Identify and evaluate all security related risks and establish controls to communicate, respond, manage and reduce all quantified risks to an acceptable level utilising proactive security risk assessment methods and security risk management programs.
3. Monitor and support security projects that enhance the effective delivery of security by adopting innovative security technologies and best practices that have been identified which will deliver protection of our employees, assets and customers.
4. Promote Security awareness with all stakeholders through internal and external education initiatives and communication programs to contribute effectively to the protection of DMCC business interests.

POLICY COMPLIANCE

The Company will review this policy annually and / or in the event of a serious incident, that merits an immediate review.
